

ADC Structured Cabling Solutions

2/4/6 Port Workstation Faceplate (USA)

Issue 2

As a part of the work area solution products from ADC Structured Cabling Solutions, ADC offers a variety of traditional faceplates to provide the basis for a wide range of possible information outlet combinations. With a single gang faceplate capacity up to six-ports, ADC can provide the density for the most demanding installation. The ADC Structured Cabling Workstation faceplates accept any combination of ADC's keystone modular jacks and connectors. The variety of reversible-icon and ID tabs for labelling provides a versatile and highly visible information outlet system.

Applications

Workstation mounting platform for Voice, Video and Data. Keystone modular connectors.

Features:

- Made of durable ABS Plastic
- All faceplates fit standard NEMA single- or dual-gang faceplates as indicated

Specifications

Operating Temperature Range : -10° TO 70 °C (14° TO 158 °F)
