

ADC Structured Cabling Solutions

Cat6_A Four-Port Staggered Single Gang Faceplate

Issue 2

An integral part of ADC Structured Cabling Solution Cat6_A is the world's first Augmented Category 6 structured cabling system to enable 10 Gigabit Ethernet over a full 100 meters of UTP cable. Installed in high performance networks worldwide, the system's patent pending design minimizes alien crosstalk and insertion loss and meets the performance requirements of IEEE 802.3an and TIA 568-B.2-10 draft standards. Optimize your Augmented Category 6 performance at the workstation with ADC's new four-port staggered faceplate.

Features:

- Staggered plastic design eliminates alien crosstalk
- Fits standard single gang box
- UL 1863 Listed

Benefits

- Increases workstation density in a single gang mounting platform while optimizing Augmented Category 6 performance
- Unique staggered four-port design counters the negative effects of alien crosstalk; critical for 10 Gigabit Ethernet performance

Applications

Workstation mounting platform for voice, video and data modular connectors delivering the high performance solution

ADC Structured Cabling Solutions

Cat6A Four-Port Staggered Single Gang Faceplate

Specifications

Operating temperature range -10°C to 70°C
 Material Construction ABS Plastic
 Flammability Rating 114.5mm X 70mm X 6.35mm(4.5" X 2.75" X .25")
 Safety rating UL 1863
 Flammability rating UL 94-V0

Ordering Information

Description	Quantity	Colour	Product No.
Four-port staggered faceplate 2 blank paper labels, 2 clear plastic protectors, 1 logo insert, 6 reversible ID tabs number 1-6 (ID tabs match faceplate colours), 2 mounting screws (#6-32 x 15/16")	Each		TNSCSFPSO4-IV
